

The Portuguese bookstore striving to ensure their actions contribute to their dream of a fairer, more dignified, more inclusive and more sustainable world, Livraria Lello has been awarded the Butterfly Mark certification from Positive Luxury, joining a community of over 115 luxury sustainable brands.

Press release with more information below and available to download [here](#).

To interview Positive Luxury Co-Founder, Diana Verde Nieto or Livraria Lello [XXXXXX](#) on all sustainability, the Butterfly Mark certification and transparency get in touch.

FIRST LUXURY BOOKSTORE – LIVRARIA LELLO AWARDED THE BUTTERFLY MARK

THURSDAY 13TH JANURARY 2023: Livraria Lello's magnificent bookstore carries within it over a century of history and stores, shaping the experiences of those who visit and those who read. With a clear dream of what they will become they have established commitments to their community and wider world with sustainability at the core.

In order to achieve the Butterfly Mark, companies must achieve a minimum of 50% in each area of assessment: Environment, Social and Governance (ESG). Livraria Lello achieved 61% in Environment, 62% Social and 60% Governance excelling in the following areas:

CIRCULARITY: Livraria Lello's stunning bookstore and offices are created using upcycled and repurposed wood from the floors to doors and desks to chairs. With a primary focus on deadstock and second-hand book acquisitions, including collections from Coimbra Editora and Lello Editores, Livraria Lello ensures book preservation, cultural heritage and circularity through their book donation programme or by rebinding inhouse before sale.

WASTE MANAGEMENT & REDUCTION: Working with Positive Luxury's guidance, Livraria Lello has implemented an extensive waste management strategy with clear waste reduction and recycling targets. Plastic has been eliminated including the use of plastic coffee capsules, single use water bottles on site and the introduction of reusable plastic containers in product packaging continues their waste reduction journey. Zero waste to landfill has been achieved through local municipality partnerships which donate deadstock to public libraries, schools and social centres. Employees are encouraged to reduce their book purchases and material consumption through the creation of the 'Intern Library' allowing Livraria Lello to continue their waste reduction journey.

UNITY & COMMUNITY: People are at the heart of Livraria Lello from ensuring its own team's wellbeing and empowerment to caring for the global community of book lovers – hosting thirty community events & cultural programmes every year. During 2020, in support of their international reader community, Livraria Lello offered PDF book formats for free and introduced 'The Quarantine Tales' challenge encouraging readers to be creative and submit a short story on their confinement experience. 5600 readers from 39 countries entered and six stories were selected & published. Through a partnership with UNICEF, in support of Ukraine, Livraria Lello translated and published their first book, The Little Prince by Antoine de Saint- Exupery, raising 10,000 euros for the cause.

MATERIALS & PRODUCTION: Since 2017, Livraria Lello has been producing their bestselling books in house, in doing so they have control over the materials used ensuring the highest quality and durability without compromising their sustainability strategy. Only FSC and PEFC certified materials are used for their books and plastic components have been eliminated. Through the implementation of their supplier sourcing strategy, Livraria Lello only select suppliers with strong credentials in; environmental (ISO 14001), occupational health (ISO 45001) and quality management (ISO 9001).

Positive Luxury's four-part methodology is uniquely tailored for the luxury industry, and the only

certification that focuses on innovation and future sustainability risks. The Butterfly Mark is an independent certification verifying to consumers and other stakeholders that a luxury business is operating in line with the highest standards of sustainability across the entire value chain.

ABOUT POSITIVE LUXURY

Since 2011 Positive Luxury has been accelerating organisations' adaptation to the new climate economy. Our ESG+ products and services enable companies to manage risk, embed innovation and credibly foster consumer trust. Organisations that we certify receive the Butterfly Mark, a globally respected trust mark – independently verified evidence that they meet the highest standard of sustainability best practices across all four pillars of our framework.

ESG+ ASSESSMENT

Our proprietary ESG+ (Environmental, Social, Governance, and Innovation) assessment framework and diagnostic tool is the only one designed for the specific social, environmental and material risks of the luxury industry helping organisation determine their ESG risk profile, through gap analysis and material ESG issue forecasting.

THE BUTTERFLY MARK

The Butterfly Mark certification is an independent trust mark awarded to luxury brands, retailers and suppliers that evidence tangible action to making a positive impact on nature and society. It has been created in consultation with the Positive Luxury Sustainability Council of over 22 leading global organisations and is rigorous, independent, and in line with the latest international standards and best practices.
